

BOARD DIRECTOR, AET

# DATUK NASARUDIN MD IDRIS

Datuk Nasarudin has been on the board of MISC since October 2004 and was appointed as President & CEO of MISC Bhd on 15 June 2010.

He has been with the Petronas Group since 1978 and has held various positions including Vice President of Corporate Planning and Development, Group CEO of KLCC Holdings, Senior General Manager of Corporate Planning and Development, Executive Assistant to the President, General Manager of Marketing at Petronas Dagangan, General Manager of Corporate Development, and General Manager of Group Strategic Planning. He is a Management Committee member of Petronas.

Datuk Nasa graduated from the University of Malaya with a Bachelor of Arts (Honours) and holds a Masters in Business Administration from Henley, The Management College, United Kingdom. He has a postgraduate diploma in Petroleum Economics from the College of Petroleum Studies, UK and has attended the Stanford Executive Program at Stanford University, USA.

AET is the specialist, leading provider of safe, high quality maritime logistics solutions to the international petroleum sector, producing the world's first modular capture vessels for marine well containment activities, and industry's most advanced dynamic positioning shuttle tankers for deepwater projects.

The market leader in U.S. Gulf lightering, AET's fleet of petroleum and product tankers also include Aframax, Suezmax, VLCC and mid-range (MR) tankers which are traded worldwide serving national and international oil companies, refiners and traders.
